Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 10 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with bright or sunny spells.

Today:
Cloudy conditions in the south at first will soon clear then it will be dry with sunny spells. Some fair weather cloud will build into the afternoon, but remaining dry. Feeling cooler and fresher than of late in the breeze. Maximum temperature 19 deg C (66 deg F).

Tonight:
The odd light shower might affect the north this evening, but otherwise it will be a dry night with some long clear spells. Turning chilly in the countryside by morning. Minimum temperature 4 deg C (39 deg F).

Monday:
Monday promises to be another fine day in most areas with plenty of sunshine. However, more cloud will affect the north and northeast at times, perhaps giving an isolated shower. Maximum temperature 16 deg C (61 deg F).

Outlook for Tuesday to Thursday:
Cloud increasing from the northeast on Tuesday bringing some patchy light rain. Bright spells and isolated light showers on Wednesday and Thursday, with a risk of some overnight fog patches.
